CHANGE OF POSTMASTERS AT DEED PARD.-Edward C. Tillson has been appointed postmaster at Deer Park, Garrett county, Md , vice E. Droege, removed.

BADLY BURNED .- A boy employed at the Washington mill was quite badly burned about the face by hot iron, Saturday morning. We could learn no other particulars. CIRCUIT COURT .- This Court met at 10

o'clock Saturday morning, and besides Injunction Granted.-As will be seen by the report of Judge Melvin's

opinion, which appears in another col-

umn. His Honor granted the prayer of

the petitioners to restrain the City Coun-

from making subscriptions to the

double-1 Willson railroad schemes. Y. M. C. A .- A meeting of the Young Men's Christian Association will be held at their rooms in Crangle's Block, this vening, commencing at 71 o'clock. As the same.' the election of officers for the ensuing year is to take place at this meeting, it is im-portant that every member be present.

COURT OF APPEALS.—The next term of this court the present year will be held in this city, commencing on the first Wednesday in June: The third term will be held in Charles-

town, Jefferson county, commencing ou the first Wednesday in August. DISMISSED -Judge Melvin disposed of

one of the cases against the Wheeling Savings Institution Saturday morning The title of the cause was, "Caroline Richards vs. George Mendel, et al" The Richards w. George Mendel, et al." The legislative authority—that they should defend an interest a demurrer to the declaration filed by the plaintiff, which the court sustained. Leave was then given to amend, but the privilege was not the adoption of the Constitution. But accepted, and the case was dismissed.

PERSONAL-Rev. Dr. Wm. Hunter, editor of the Pittsburgh Christian Advo-cate, reached this city, Saturday evening, and yesterday, worshipped at Fourth Street M E Church. Dr. H. is en route to Guyandotte, the scat of the annual conference of the Methodist denomination in this State, which will convene

County Count.-The March term of the County Court will commence at two o'clcck this afternoon-at least that is the hour for which the grand jury was summoned. We published a list of the jurors' names in our assue of Saturday. As considerable business has been matur ed, it is probable this term of the Court will continue through the greater portion

of Bellaire. All the bumpers of the pas-senger cars were broken. Samuel Lauder, a brakeman, was pretty seriously hurt. He was taken to Baltimore where his friends reside, on the Fast Line, last

more times with all his force on the head and chest of the prostrate man. We presume all the particulars will be brought out before Judge Rogers this morning. It was feared Saturday night that Fisher's injuries would prove fatal.

APPOINTMENT OF TRUSTERS.-In the Circuit Court Saturday morning, the fol-Messrs. Elijah J. Stone, John A. Armstrong, Charles Nichols, George Walters, R. F. Criswell, Henry Jones, Charles H. Collier, Ebenezer E. Zane and Lewis H.

At the sametime trustees, for Short Creek M. E. Church were appointed as enjoyment of any. The music will be tell, Joseph W. Morgan, N. W. Shannon, William Busby and William Durbin.

FAREWELL.-Dr. Westwood preached to large congregations at the Fourth St. M. E. Church yesterday morning and evening. The large turnout of friends to hear the Doctor's farewell words was flattering to the Rev. gentleman, as showing the place he has won in the esteem of our religious community during his ministration here. Dr. Westwood goes hence to the city of Evansville, Indiana. He has filled the pulpit of Fourth street church to general acceptance, and has made many warm friends in Wheeling who will regret his departure and whose good wishe will follow him to his new field of labor.

BEHIND TIME.-The Cumberland Accommodation train over the Baltimore & Ohio road was several hours behind time Friday evening, caused by accident to another train. Saturday night the same train did not reach here until near midnight in consequence of a collision between a freight train and the Fast Line on the siding at Deer Park. The engine of the latter train was thrown squarely across the main track, and required three

The Injunction Granted .- The Con stitutional Inhibition a Complete After long delay, Judge MELVIN, of the Circuit Court, yesterday announced his lecision upon the petition for an Injuncion to restrain the City Council from conummating the subscriptions of \$300,000 road Company and Rallroad Bridge Com-

den by a provision in the State Constitution pointed out and discussed in our colimns some months ago. The following synopsis of the Judge's decision, which was oral, was prepared by himself for the convenience of the city press:

1878, directing the subscriptions and the issue of bonds in payment thereof, proceeded to state his views as to the proper construction of section 8 of article 10 of the Constitution, bearing upon the right of cities to incur indebtedness for enterrises of this kind. We quote the sec-

prises of this and.

"8. No county, city, school district, or
municipal corporation, except in cases
where such corporations have already
authorized their bonds to be issued, shall hereafter be allowed to become indebted, an opinfon in the injunction case, but little business of general interest was transacted. The special term closed with Saturday morning a session.

It is small slowly along the curve toom. He waits slowly along the curve took along the curve toom. He waits slowly along the curve took along the curve toom. He waits slowly along the curve took al

the same."

It being conceded that the proposed subscriptions, or either of them, would increase the indebtedness of the city to an amount, including existing indebtedness, in the aggregate, exceeding five per cent of the value of the taxable property of the city, ascertained as provided in the section quoted, and the Constitution having gone into effect on the 23nd of August, 1871 it segme clear, that there is, in this

application were considered.

It had been contended that the words "shall hereafter be allowed" referred to legislative authority-that they should this construction was not deemed the true one The language is general and sweep-ing, and imports a prohibition in any case,

except where bonds had issued prior to the 22d of August, 1872. Other sections were referred to by the Judge as throw-ing light upon the intention of the framers. When they had intended to prohibit the Legislature from taking action in a given case, they had indicated their intention in terms. No subscription such as these can be made by a municipal corporation, under any circumstances, except by vir-tue of legislative authority, and it is not easy to perceive why they changed the form of expression in this particular sec-tion. And herein this case differs from the one in Ohio, (Cass es. Dillon, 2 Ohio State.) somewhat similar in facts, where a different ruling was made by a majority of the judges; the Constitution of that State providing that thereafter the General Assembly should not give the au-

It had been claimed, also, that Section and special privileges, under which an organization shall not have taken place, or which shall not have been in opera-tion during that period. But this was hardly intended as a poriviso to a section in another article relating to an entirely different subject. Nor does the language used warrant that construction.
